

Life Group Minister
Ministry description
(Ministerial – exempt)

Philosophy of Ministry: Striving for excellence, one should be willing to “submit to one another out of reverence for Christ,” equip others for ministry, and set an example of servanthood. With an authentic concern for the greater good of the body of Christ, one will seek to be a gentle shepherd moving among the people in deliberate ways. While being strengthened by the Word, empowered by prayer and led by the Holy Spirit, one will understand the times and know what direction needs to be taken in the development of relevant ministry. In desiring to be effective as possible, one will model both compassion and commitment to those individuals impacted by one’s service. We will follow Philippians 2:1-8 as a model of Christ-honoring servant leadership.
